

SWAMI DAYANAND EDUCATION FOUNDATION

APPLICATION FORM-2022-23

From Director's Desk....

With the commencement of the annual scholarship program in 2015, our foundation laid a strong basis for youth empowerment through education. Each year, we endeavour to bring the permanent wealth of education within the reach of academically brilliant but underprivileged students. The foundation has been working tirelessly to offer scholarships in India and the US, targeting more than 200 students each year.

SDEF provides Merit-cum-Means Scholarships to exceptionally talented but poor students who cannot afford to study at reputed colleges, owing to financial constraints. The foundation awards scholarships on the basis of school merit or to the top rankers in national/state level common entrance tests based on which they have secured admissions to quality institutes/colleges. The Scholarship is offered to students pursuing Engineering, MBBS, Pharmacy, IT, Architecture, and all undergraduate courses in Government or private Institutes, including IITs, NITs, and others.

OUR STORY

A good college education is invariably vital to any big career and aspiring job in India. We come from a developing country where millions of students still remain deprived of a basic college education. From them, many could be future scholars in their respective domains but in the absence of the requisite education, their potential is left unrecognized. Also, the cost of a good education is rising at a rapid pace for the last thirty years and has become out of reach for middle-income groups.

Mr. Ashutosh Garg and the founder trustees started Swami Dayanand Education Foundation about six years ago with the mission of providing scholarships to college students in India and the US. To contribute towards making a good college education available and accessible to all meritorious students, irrespective of their economic condition, the foundation is working tremendously and has offered more than 800 scholarships in 7 years.
